The Better Care Fund Community Consultation

The Better Care Fund (BCF) is a national programme delivering Health and Social Care integration.

It is proposed to develop services to support growth and development of our communities, promoting individual health, wellbeing and independence.

This short questionnaire aims to gather views around effective community led services that will support vulnerable people to be cared for at home or in the community when they need it.

This is your opportunity to contribute to a future model of community support in Sandwell.

Please follow the link to the online survey
